- Possible Recommendation of Request for Action by GWNC to relevant City Agencies to describe steps taken to comply with AB 747 and any ongoing efforts. California Assembly Bill 747 (AB 747), effective January 1, 2022, requires local jurisdictions to update their General Plan Safety Elements to identify and analyze evacuation routes, assess their capacity, and evaluate their viability under various emergency scenarios, such as wildfires. Public comment is limited to two minutes per speaker, unless adjusted by the chairperson.

In the event of a disruption that prevents the eligible legislative body from broadcasting the meeting to members of the public using the call-in option or internet-based service option, or in the event of a disruption within the eligible legislative body’s control that prevents members of the public from offering public comments using the call-in option or internet-based service option, the eligible legislative body shall take no further action on items appearing on the meeting agenda until public access to the meeting via the call-in option or internet-based service option is restored.
