General Board Meeting Minutes, Wednesday, February 12, 2025
Approved March 12, 2025

Pursuant to the October 6, 2023 enactment of California Senate Bill 411 (Portantino) and LA City Council approval on November 1, 2023, the Greater Wilshire Neighborhood Council meeting will be conducted virtually.

Document copies were available at www.greaterwilshire.org/BDdocs.

I. WELCOMING REMARKS

A. Call to Order, Welcoming Remarks (Conrad Starr).

A duly noticed Meeting of the Greater Wilshire Neighborhood Council (“GWNC”) Board of Directors was held online. President Conrad Starr called the meeting to order at 6:30 p.m. and explained procedures, reminding Board Members to check with the City Attorney if the Member has a possible or definite conflict of interest.

B. Roll Call (Jennifer DeVore).

The Secretary called the roll. Twelve of the 20 Board Members or their Alternate were present online at the Roll Call, which is not a quorum: Scott Appel, Jeffry Carpenter, Patricia Carroll (Treasurer), Cindy Chvatal-Keane, Romi Cortier, Mark Alpers (Alternate for Brian Curran), Charles D'Atri (Vice-President), Jennifer DeVore (Secretary), John Gresham, Sixto Sicilia, Owen Smith and Conrad Starr (President). MJ Anderson, Selene Betancourt, Gary Gilbert and Jesseca Harvey (Assistant Secretary) arrived later. Four Board Members were absent and not represented by an Alternate: Andy Galan, Julie Kim, Rochelle Lewis and Anne Rudnick. The GWNC Board quorum (the minimum number of Board Members needing to be present to take binding votes on Agendized Items) is 13 (see the Bylaws link at <https://greaterwilshire.org/bylaws-board-rules>), so at this time the Board could only take public comments, could not have any official discussions, and could not make any Motions or take any votes. Twenty of the 21 Board Seats were filled (by election or appointment). One Board Seat was vacant [Religion; see Item #V. A. 2.; to apply see www.GreaterWilshire.org]. Seven Alternate Seats were vacant [see Item #V. A. 3.; to apply see www.GreaterWilshire.org]. Also attended: approximately 42 Stakeholders and guests.

Board Members MJ Anderson and Gary Gilbert arrived online at this time (6:35), making 14 Board Members (or their Alternate(s)) present online (the GWNC Board quorum is thirteen). Now the Board could take binding votes on Agendized Items.

City District Five Councilmember Katy Yaroslavsky [ofc. 213-473-7005; Michelle.Flores@LACity.org; <https://councildistrict5.LACity.gov>], reported on upcoming events. Regarding 200 S. Orange Dr., they're communicating with the owner, who applied for a CUP; they reminded the owner of the owner's obligations. Comments can be emailed to Alexander.Truong@LACity.org. Regarding street light repairs, "over 200 lights were repaired in the district . . . we acknowledge" more are needed. They're working to secure the pedestrian tunnel across from Wilshire Crest School; she agreed to report back about that.
- B. Thirteenth Council District (Karla Martinez - karla.g.martinez@lacity.org). Karla Martinez, a Field Deputy for L.A. City District 13 Councilmember Hugo Soto-Martinez [213-473-7013; <https://cd13.LACity.org>], reported on "immigration protection" and services.

Board Member Jesseca Harvey arrived at this time (6:50), making 15 Board Members present (the GWNC quorum is thirteen).

They're getting into the second-floor balcony . . . We're getting some leads" from residents who advised Police. "A lot of the lighting that was out in the Wilshire Park area . . . was due to a copper wire thief . . . The person was arrested" after being observed at 3:00 a.m. in the morning and reported to Police. After Ofcr. Chavez reported, Ofcr. Cho urged reporting to Police if you see groups of early 20's – early 30's men wearing masks and jumping fences or walls.

Danny Chavez, an Olympic Division Senior Lead Officer [office 213-382-9102; cell/text phone 213-793-0714], reported on anti-prostitution enforcement "along the Western corridor." He encouraged installing wheel locks to deter escalating "vehicle wheel thefts," and securing license plate screws. Mr. Starr thanked Ofcrs. Cho and Chavez for their detailed reporting. Letters and photos that're sent by Police to prostitution customers (johns) go to registered vehicle owners; sometimes the owners aren't the drivers/johns.

[BC/MA/JD CLARIFY WHAT, IF ANYTHING, WAS REPORTED. ___]

B. 531 N. Larchmont Blvd: Filing date: 1/03/25. Construction, use, and maintenance of a 6-story, 64 unit, mixed use, 100% affordable housing project with no parking. Case No: ADM-2025-34-DB-RED1-VHCA. Zoning: [Q]C2-1VL. Area 7: Larchmont; CD 13. Possible Motion: [see below]

MOTION (by Mr. Alpers, seconded by Mr. Gresham): With reference to Case File ADM-2025-34-DB-RED1-VHCA regarding a proposed 6 story, 66'10" tall, 64-unit (63 affordable, 1 market rate manager's unit) zero tenant-parking RED1 project on a 7,564.49 sq. ft. lot at 531 N. Larchmont Boulevard, the Greater Wilshire Neighborhood Council opposes the project as planned, regardless of whether or not the proposal meets the Mayor's Revised Executive Directive 1 or any other ordinance or state statute, because:

- (1) the project's representative did not respond to repeated requests by neighbors to meet and discuss neighborhood concerns as the representative said he would before this committee and as the Greater Wilshire Neighborhood Council requested he do in its motion in opposition to the project passed on December 11, 2024.
- (2) the project's scale is not appropriate for its location abutting single-story residential;
- (3) the project's facade and color palette are not compatible with the immediate and surrounding historic neighborhoods;
- (4) the project's application is incomplete and lacks information or illustration including, but not limited to, the appropriate placement of and access to HVAC units; the appropriate angling of solar panels, an exterior building management system; a failure to depict the building completely and correctly; the placement of a construction elevator and construction staging area; a complete landscape plan; the number of accessible units and how the proposed studio units could accommodate an individual with mobility needs; the lack of an exhaust for the backup generator room; the number of trash receptacles; a description of how trash will be handled; the lack of any plan for any required venting; and the lack of illustration of a fire sprinkler and back-flow system;
- (5) the project's density will overload existing, marginal, 100-year-old infrastructure, and together with reduced set-backs, presents both resource and emergency response concerns;
- (6) the project provides zero tenant parking, while allowing the tenants to obtain parking permits for PPD 215 /115, achieved by a loophole in State law AB2097, modified by State law AB2712, and the unlawful revisions of the definition of a

Major Transit Stop first defined in Measure JJJ and since expanded without public comment or hearing by the Department of City Planning, adversely affecting the residents of surrounding blocks such that this one building has the potential to displace all the permitted parking spaces on an entire block of the parking district;

- (7) the project's positioning of 48 HVAC units on two rear-facing balconies will cause 24-hour-a-day noise intrusion in violation of the City's building code and into the abutting and adjacent rear and side properties constituting both a non-remediable loss of the peaceful enjoyment of these and other nearby neighbors' use of their properties and a taking by government of the neighbors' rights as property owners;
- (8) the projects 774 sq. ft. 6th floor rear-facing terrace and 2440 sq. ft. open-space roof deck will allow further invasion of the privacy of abutting neighbors and add to the noise intrusion throughout the day and night;
- (9) the project proposes to remove a large mature, neighborhood shade tree without replacement;
- (10) this project, including its many deficiencies, is not needed for the City to achieve much-needed affordable housing but could nonetheless be repeated at every property that may be built on any lot on the six blocks of Larchmont Blvd between Melrose Avenue and Beverly Boulevard, causing the irretrievable loss of a key neighborhood resource, the loss of economic interest by abutting and adjacent neighbors, the loss of quiet, peace and safety on the abutting or adjacent blocks, and the loss of parking not only for neighborhood residents but for employees of a local school as well as customers and patrons of the commercial businesses along all of the full length of Larchmont Boulevard; and
- (11) The Department of City Planning issued a hold letter dated January 24, 2025 and the cited corrections have not yet been successfully remediated.

DISCUSSION: Neighbor Karen Gilman supported both the 531 and the 507 [see below Item #VIII. C.] N. Larchmont Motions. Business owner Michael Dawson was concerned that no parking would be provided. Neighbor Paul Karaiakoubian believed that the area's infrastructure cannot handle the development and that project units would overlook neighbors, invading their privacy. Neighbor John Holloway was concerned about additional noise and that "elderly neighbors" live adjacent to the project; and that the project owner changed the plan. Auriell Speigel, of the LVNA, opposing the project, "advocate[d] for responsible development." Resident Sam Uretsky said the plan is "not well formed." Neighbor Maggie Pena said "the sewer system already is failing." Ms. Carroll believed that a seven-story residential building cannot be built on a single-family-sized lot and be fire safe. Mr. D'Atri said that bus lines on Gower were mis-classified, undermining the City's TOC designation. MJ Anderson believed the housing is needed. Mr. Gresham: believed the City is not adequately considering infrastructure needs.

MOTION PASSED by a roll call vote of the 15 eligible voters present with 11 in favor (“Yes” or “Aye”) (Alpers, Appel, Carpenter, Carroll, Cortier, D’Atri, Gilbert, Gresham, Harvey, Sicilia and Smith); two opposed (“No” or “Nay”) (Anderson and Betancourt); two abstained (the GWNC counts abstentions as neither “yes” votes or “no” votes) (DeVore and Starr).

- C. 507 N. Larchmont Blvd: Filing date: 12/13/24. Construction, use, and maintenance of a 5-story, 42 unit, mixed use, 100% affordable housing project with no parking and 2,908 sf of ground floor commercial space. Case no: ADM-2024-8029-DB-VHCA-RED1. Zoning: [Q]C2-1VL. Area 7: Larchmont; CD 13. Possible Motion: [see below].

MOTION (by Mr. Alpers, seconded by Mr. D’Atri): With reference to Case File ADM-2024-8029-DB-VHCA-RED1 regarding a proposed 5 story, 58' tall, 42-unit (41 affordable and 1 market rate), zero tenant-parking RED1 project on a 7,010 sq. ft. lot at 507 N. Larchmont Boulevard, the Greater Wilshire Neighborhood Council opposes the project as planned, regardless of whether or not the proposal meets the Mayor’s Revised Executive Directive 1 or any other ordinance or state statute, because:

- (1) the project’s scale is not appropriate for its location abutting single-story residential;
- (2) the project’s facade and color palette are not compatible with the immediate and surrounding historic neighborhoods;
- (3) the projects’ density will overload existing, marginal, 100-year-old infrastructure, and together with reduced set-backs, presents both resource and emergency response concerns.
- (4) the project provides zero tenant parking, while allowing the tenants to obtain parking permits for PPD 215 /115, achieved by a loophole in State law AB2097, modified by State law AB2712, and the unlawful revisions of the definition of a Major Transit Stop first defined in Measure JJJ and since expanded without public comment or hearing by the Department of City Planning, adversely affecting the residents of surrounding blocks such that this one building has the potential to displace all the permitted parking spaces on an entire block of the parking district;
- (5) the project’s positioning of rear-facing balconies on the 2nd, 3rd, 4th, and 5th floors will cause 24-hour-a-day noise intrusion into the abutting and adjacent rear and side properties constituting both a non-remediable loss of the peaceful enjoyment of these and other nearby neighbors’ use of their properties and a taking by government of the neighbors' rights as property owners;
- (6) the project's 2,150 sq. ft. open-space roof deck will allow further invasion of the privacy of abutting neighbors and add to the noise intrusion throughout the day and night.

- (7) the project's 5th floor, 1210 sq. ft., 4 bedroom, 4 bath apartment listed as a manager's unit removes residential square footage that should be allotted to affordable housing units and dedicates that space to a luxury unit not encumbered by ED1 rent guidelines for affordable housing.
- (8) this project, including its many deficiencies, is not needed for the City to achieve much-needed affordable housing but could nonetheless be repeated at every property that may be built on any lot on the six blocks of Larchmont Blvd between Melrose Avenue and Beverly Boulevard, causing the irretrievable loss of a key neighborhood resource, the loss of economic interest by abutting and adjacent neighbors, the loss of quiet, peace and safety on the abutting or adjacent blocks, and the loss of parking not only for neighborhood residents but for employees of a local school as well as customers and patrons of the commercial businesses along all of the full length of Larchmont Boulevard.
- (9) the Department of City Planning issued a hold letter dated January 10, 2025, and the cited corrections have not yet been successfully remediated.

DISCUSSION: Mr. Uretsky opposed the project. Ms. Gilman said the developers were being disingenuous; she believed the GWNC needed to wait to see how developers address the City's hold letter. Chris Shanley, of the Larchmont United Neighborhood Association, said "no families can live in any of these projects." Mr. Holloway opposed the project. Neighbor Saren Karaiakoubian said infrastructure is overloaded; "we have frequent [sewer] overflows."

Board Member Gary Gilbert was unavailable to vote at this time, making 14 Board Members present online (the GWNC Board quorum is thirteen).

MOTION PASSED by a roll call vote of the 11 eligible voters present with 11 in favor ("Yes" or "Aye") (Alpers, Appel, Carpenter, Carroll, Cortier, D'Atri, DeVore, Gresham, Harvey, Sicilia and Smith); two opposed ("No" or "Nay") (Anderson and Betancourt); one abstained (the GWNC counts abstentions as neither "yes" votes or "no" votes) (Starr).

D. 658 N. Lillian Way: Subdivision of one rectangular shaped lot, totaling approx. 6,510 sf in area, into four smaller lots, for the construction, use, and maintenance of (4) single-family dwellings. Case no: AA-2024-2744-PM-SL-HCA. Zoning: C2-1. Area 5: Hancock Park; CD 5. Possible Motion: With reference to the project located at 658 N. Lillian Way, the GWNC opposes the project at this time because the GWNC Land Use Committee did not receive a presentation from the applicant, who was scheduled to present at its January 28, 2025 meeting, before the project's hearing date of February 12, 2025, which the Committee has asked them to postpone until after they meet with the Committee first.
