- B. **GWNC T-Shirts** (Discussion and Possible Motion)
Possible Motion: The GWNC Board approves the expenditure of up to \$400 for GWNC-branded t-shirts for use at the GWNC Public Safety & Emergency Preparedness Fair and other GWNC outreach events.
- C. **Larchmont Family Fair** (Discussion and Possible Motion.) The application deadline was October 10th. If we supply the tent, the booth rental fee is \$325. This fee covers the cost of rentals, advertising, promotion, insurance, decorations, etc.
Possible Motion: The GWNC Board approves the expenditure of up to \$350 for a booth at the 2026 Larchmont Family Fair.
- D. **Committee Membership**
- E. **Next Meeting:** The next GWNC Outreach Committee Meeting is Tuesday, October 20, 2026, at 6:30 p.m. at the John C. Fremont Branch Library at 6121 Melrose Ave. 90038.

IX. **LAND USE COMMITTEE** (Discussion and Possible Action)

- A. **Committee Report – Chair:** Brian Curran
- B. **[5750 Melrose Ave.](#)** (& Lucerne): In an email to the GWNC, the applicant stated that rather than pursuing a discretionary CUP for alcohol they will instead be utilizing the by-right Restaurant Beverage Program (RBP), which is intended to create a more streamlined process for applicants like Cobi's. According to the applicant, the RBP is better suited to their short-term goal of getting up and running as soon as possible and re-activating this longtime restaurant space for the community. They still intend to work with the community to be a good neighbor. The City Planning Department has issued a hold letter on this project, meaning that additional information is needed before the project is further processed.
Possible Motion: The GWNC Board supports the restaurant Cobi's at 5750 Melrose Ave., but only so long as the restaurant operates in full and strict compliance with the City of LA Restaurant Beverage Program (RBP), and with all standards, regarding the number and placement of tables and chairs, of the City, including the California Building Code, and further so long as the Cobi's valet does not use the community's residential streets for employee or patron parking. Should Cobi's return to the GWNC with a subsequent application for a Conditional Use Permit, that application should be supported by noise mitigation measures in addition to all of the other operating conditions of the restaurant.

- C. [975 S. Manhattan Pl.](#) (& Olympic): (Gary Benjamin) Filing date: 7/30/26. Construction of a new 107,482 sf, 7-story, 100% affordable housing development with 147 dwelling units, including 73 one-bedroom, 51 two-bedroom, and 23 three-bedroom units, with (116) low income units, (30) moderate income units, and (1) market rate manager's unit; and 99 parking spaces. Case no: EAR-2026-3979-AH-HCA. Zoning: R4-1 and C2-1. Area 3: Country Club Heights; CD 5.

Possible Motion: The GWNC Board supports the construction of a new 100% affordable housing development at 975 S. Manhattan Pl. with 147 dwelling units, including 73 one-bedroom, 51 two-bedroom, and 23 three-bedroom units, with 116 low-income units, 30 moderate-income units, and one market-rate manager's unit, and 99 parking spaces.

- D. **Vacant/Nuisance Property Abatement (505 & 509 N. St. Andrews Pl.):** At its August 25, 2026 meeting, the Committee discussed ongoing problems at 505 and [509 N. St. Andrews Pl.](#) (two combined lots), including a fire at this vacant location that spread to the property next door at [513 N. St. Andrews Pl.](#) causing significant destruction, damages, use of police and fire resources, loss of the lives of pets, and displacing the neighboring resident. Mayor Bass and Councilmember Rodriguez had instituted positive action responsive to this matter. The Committee has since identified Council File numbers for two additional, related, currently pending Los Angeles City Council items that speak to this same policy gap on a citywide basis:

CF 24-0196-S1 — Councilmember McOske's motion (filed 9/4/2026, seconded by Nazarian) on the underlying nuisance-abatement item (CF 24-0196). It requests that the Chief Legislative Analyst and City Attorney immediately release all pending reports on CF 24-0196 covering administration, enforcement, governance, implementation, and oversight of nuisance abatement proceedings under the LAMC and LAAC, and asks those reports to specifically recommend: (a) a process for nuisance abatement orders where an owner is willing but unable to do the work; (b) increased fines/fees/penalties for failing to comply with a Notice to Comply; and (c) possible state-law changes to strengthen enforcement.

CF 26-1280 — "Citywide Vacant and Public Nuisance Property Abatement Program / Criteria for Prioritizing Properties / Potential Funding Sources." Introduced 9/4/2026 by Councilmember Adrin Nazarian, seconded by Bob Blumenfeld, Tim McOske, and Monica Rodriguez; pending in the Planning and Land Use Management Committee and the Public Works Committee. Per the motion text, LADBS has identified more than 100 priority vacant nuisance buildings citywide, and Mayor Bass has asked Council to restore \$2 million in funding to clean and secure them; a related funding item, CF 26-0600-S3 (Nazarian-Lee), is pending in Budget & Finance. The motion seeks a series of reports from LADBS regarding funding, enforcement, abatement, and holding the property owners liable.

Possible Motion: The GWNC Board will: (1) send a letter to Councilmembers Hugo Soto-Martinez (CD 13) and Katy Yaroslavsky (CD 5) recommending increased accountability, liability, and enforcement measures affecting property owners who own vacant land or buildings and do not take proper measures to secure the property, twofold: (a) automatic, self-executing permission once specified public safety conditions are met regarding vacancy and failure of the property owner to take proper measures to secure the property, so that law enforcement officials have permission to enter what would otherwise be private property when a threat to the public is present; and (b) penalties for property owners that do not comply with their obligation to take proper measures to secure the vacant property; and (2) file a Community Impact Statement (CIS) in support of Council File No.

26-1280 (Nazarian, et al. — Citywide Vacant and Public Nuisance Property Abatement Program) and Council File No. 24-0196-S1 (nuisance abatement proceedings), citing 505 and 509 N. St. Andrews Pl. as a concrete local example of why the City needs a funded, prioritized, citywide program and clearer, better-resourced tools to compel absentee owners to secure or remediate vacant and derelict properties, and urging the PLUM and Public Works Committees, LADBS, the City Attorney, and the City Council to move CF 26-1280 and CF 24-0196-S1 forward promptly.

- E. **Measure PL (CF 26-1100-S12)**: November 3, 2026 ballot measure regarding City Planning restructuring. The GWNC will consider whether to take a position on this ballot measure. (See Board Docs for key proposed amendments to the LA City Charter under Measure PL)
Possible Motion: The GWNC Board opposes the proposed planning charter reform ballot measure, Measure PL (CF 26-1100-S12), because it would consolidate planning power in too few hands with too much discretion, none of which will lead to a thoughtful, well-planned City of Los Angeles; and directs that a letter (in board docs) and a Community Impact Statement stating this opposition be submitted.
- F. **Next Meeting:** The next GWNC Land Use Committee meeting will be held on Tuesday, October 27, 2026 at 6:30 pm via Zoom: <https://us02web.zoom.us/j/91527869326>

X. **TRANSPORTATION COMMITTEE (Discussion and Possible Action)**

A. **Committee Report - Chair:** Romi Cortier

1. The Upper Larchmont Ramblas pilot was advanced unanimously by the Commission on Innovation and Performance, pending CD13's \$20,000 match and selection of a recipient agency.
2. Cars Under the Stars

B. **Intersection of S. Plymouth Blvd. and W. 3rd St. (Discussion and Possible Motion)**

Possible Motion:

Whereas the intersection of S. Plymouth Blvd. and W. Third St. is considered seriously dangerous by neighbors in Windsor Square; and

Whereas the current traffic control signage on S. Plymouth Blvd. at W. Third St. consists of two “Right Turn Only” signs at the northwest and southeast corners, in effect only from 7 to 9 a.m. and 3 to 4 p.m., Monday through Friday, and has not prevented the continuing occurrence of serious accidents; and

Whereas neighbors have documented with photographs more than 10 accidents within the last 18 months, the time frame LADOT typically uses as a baseline for signage and other traffic control decisions; and

Whereas LADOT relies on LAPD to provide documentation of accidents as part of its decision process; and

Whereas LAPD no longer records reports of accidents that do not result in serious injury or death, but may have related information such as radio dispatch logs;

Therefore, the GWNC Board recommends that Council District 13 work with LADOT and LAPD, collaboratively and transparently with the Windsor Square Association and immediately impacted neighbors on S. Plymouth Blvd., to install more effective traffic control at the intersection, beginning, at a minimum, with replacing the current signage at the northwest and southeast corners of S. Plymouth Blvd. and W. Third St. with “Right Turn Only” signage in effect at all times; and directs that a letter stating this recommendation be

sent to Councilmember Hugo Soto-Martinez (CD 13), with copies to LADOT and LAPD West Traffic Division.

C. **Committee Membership**

- D. **Next Meeting:** Thursday, November 19, 2026 at 6:30pm via Zoom
<https://us02web.zoom.us/j/9215993>

XI. **ENVIRONMENTAL & SUSTAINABILITY COMMITTEE** (Discussion and Possible Action)

A. **Committee Report** – Chair: Polly Estabrook

B. **Committee Membership**

C. **CF 26-1332 (Padilla – Blumenfield) – City Median Conversion Program / AB 1572 Compliance** (Discussion and Possible Motion; CIS in board docs)

Possible Motion: The GWNC Board submits a Community Impact Statement in support of CF 26-1332 (Padilla – Blumenfield), relative to the conversion of non-functional turf medians and AB 1572 compliance, and requests that any conversion of the Highland Avenue median, Los Angeles Historic-Cultural Monument No. 94, (1) preserve the historic palms and continue the irrigation they need, while including native plants and/or bioswales compatible with the median's historic character, (2) be reviewed by the Office of Historic Resources and the Cultural Heritage Commission, and (3) include community input, including from the Hancock Park Homeowners Association, which advocates for the median's care.

D. **Letter re: Reducing Cosmetic Pesticide Use on City Property** (Discussion and Possible Motion; letter in board docs)

Possible Motion: The GWNC Board approves sending a letter to Councilmembers Katy Yaroslavsky (CD 5) and Hugo Soto-Martinez (CD 13) recommending that the City (1) minimize cosmetic (non-essential) pesticide use on City-owned and -maintained property, including parks, medians and parkways, in favor of integrated pest management and non-chemical methods where practical; and (2) make information on pesticide applications by City departments and contractors readily available to the public, including advance notice of where and when applications occur.

E. **Informational Handout on Gas-Powered Garden Equipment** (Discussion and Possible Motion; flyer in board docs)

Possible Motion: The GWNC Board approves an informational handout on City and State rules for gas-powered garden equipment and South Coast AQMD rebate programs, for distribution through GWNC email communications, the GWNC website, and at GWNC event tables, and approves the expenditure of up to \$30 for printing.

F. **Letter re: Compost and Mulch for City Street Trees and Planting Sites** (Discussion and Possible Motion; letter and list of locations in board docs)

Possible Motion: The GWNC Board approves sending a letter to Councilmembers Katy Yaroslavsky (CD 5) and Hugo Soto-Martinez (CD 13), with a copy to the Bureau of Street Services (StreetsLA), requesting that the City apply and maintain compost and mulch around City-owned street trees, tree wells, medians, and barren parkway planting sites within the GWNC, as identified in the attached list of locations, consistent with any requirements applicable to designated historic resources, to improve soil health, stormwater absorption, and tree survival.

G. **CF 26-0925 (Blumenfield – Nazarian) – Modern Organics Processing and Composting Master Plan** (Discussion and Possible Motion)

Possible Motion: The GWNC Board submits a Community Impact Statement in support of

CF 26-0925 (Blumenfield et al.) relative to a Modern Organics Processing and Composting Master Plan, and supports prioritizing local use of City-generated compost and mulch, including around City street trees and medians.
